Our Focus

A SOLID REPUTATION FOR QUALITY

Woodhill & Sons has established and focused its foundation to specialize in remote concrete civil operations. The machinery, plant and human resources and procedures are all specialized to provide a superior quality of work within exceptionally fast completion times.

The company is constantly investing in new technology to ensure it maintains a competitive edge on other civil construction providers.

Woodhill and Sons are specifically set up for extreme remote operations.

Past Performance

PROFESSIONAL INNOVATIVE ADVANCEMENTS, YOU WON'T FIND ANYWHERE ELSE

Woodhill & Sons hold the largest area of coverage for remote civil concrete works in the Northern Territory for the Northern Territory Government. All works have been completed within an average of under 50% of contracted time and all with superior quality finishes.

ABILITY TO HAVE THE JOB DONE FAST

Our Concrete batching plants provide supreme concrete supply with ability of producing 60m³ per hour of concrete with one machine & 100m³ per hour with two machines.

CAL ACCREDITED

Woodhill and Sons has a substantial level of CAL Accreditation. This Accreditation guarantees industry recognition for the financially viable and technically capable contractors Woodhill & Sons are.

KNOWLEDGE IS KEY

Woodhill & Sons is committed to provide training opportunities to all staff with the aim of achieving compliance to legislative requirements of the Industry and provide a learning platform for individuals to enhance current skills .

OUR PLANT, MACHINERY & EQUIPMENT

Woodhill & Sons ensures to purchase and maintain new and superior plant, machinery and equipment. Our civil plant is exclusively made up of a fleet of new Caterpillar models which is routinely maintained and serviced.

Meet Our Team

PROFESSIONAL RELIABLE AND HARD WORKING

Business Manager – Jason Woodhill comes with 24 years' experience in the construction and civil industry. He provides our team expert leadership, supervision and industry knowledge. Having run his own company and business for over 18 years Jason has strong business skills to provide customers with high quality outcomes. His can do approach makes Woodhill & Sons diverse and flexible at all times.

Office Manager- Sally Woodhill has over 18 year experience with Business Management, Human Resource Management, Training & Development Management. Sally has 8 years' experience compliance, governance, quality assurance and contract management for Government funding and over 16 years' experience in Indigenous Training - including 2 National Indigenous Training Awards for Indigenous Training Initiatives.

Administration Officer – Jasmyn Isaac was a school based apprentice with Woodhill & Sons, and completed year 12 and certificate III in Business and is now undergoing a certificate 4 with Woodhill & Sons. Her high level of initiative is reflected in her success of being a finalist in 2013 NT Training Awards. Jasmyn completes all required administrative tasks.

Camp Cook and admin support– Amy McGeown keeps the remote crew rolling ensuring hearty meals and a healthy camp. Amy provides admin support on site and you may even sometimes catch her in a roller just to help out the boys.

Work Site Foreman- Jedd Haynes has over 8 years' experience in remote civil operations. Jedd provides a focussed and experienced approach to our site works and supervision of the team. His methodical, practical and high quality of workman ship are evident in each of our project completions. Being a highly skilled carpenter together with his proficient civil skills keeps our capability level diverse.

Concreter/Carpenter – Mitchell Vague is a highly skilled carpenter and concreter. Mitchell has previous experience in multi- million dollar projects to remote commercial and domestic building. His obsessive eye for detail keeps the quality of work at the highest level.

Truck Driver – Clint Williams has a record of high safety and reliability with all his trucking experience. Clint provides the team with constant supplies of civil and construction materials. He works ahead of the crew ensuring to minimise any timeframes with moving camps and work sites.

School Based Apprentice /Cert II Civil—Jed Isaac is the newest member of our team. Jed is hands on and keeping him focused in a class room 5 days week wasn't an easy task. Jed is undergoing is Cert II Civil and has allocated work time and school time. He is keen to learn and loves getting out and having a go.

Labourers – Malcolm Morgan is a dedicated and methodical team member who has worked his way up through an indigenous program to become a valued member of our remote operations.
