

LiftEquipt Pty Ltd is a locally owned and operated equipment hire company which has been based in the Pilbara since 2006. Recently we have expanded as far North as Derby and Broome with an agency located in Port Hedland. Our Units are hired as far South as Carnarvon.

We currently have 120 Units available for hire which include Forklifts (1.5-52 Tonne), Telescopic handlers, Rough Terrain Forklifts and Elevating Work Platforms. We also hold a variety of attachments including Fork extensions (Slippers).

Our modern fleet of equipment are serviced and maintained above Australian Standards and able to be adapted to mine site rules and regulations.

A significant proportion of Lift Equipt's fleet is 10 Tonne and over. We find specializing in larger equipment helps meet our customer's needs for those larger jobs and projects.

We offer short term, long term and rent-try-buy options.

We pride ourselves on same day service and breakdown assistance.

Liftequipt has two fully equipped service trucks stocking all fast moving parts.

Also available for your extra convenience is a 12Tonne Tilt tray for general transport, sea containers or required equipment movements from site to site.

DIRECTORS

Lift Equipt Pty Ltd is a father son company with Brian and Brett Johnston as the Directors.

Brian Johnston is sole Director of North West Training & Inspection Services and it was from here that Lift Equipt was founded.

Lift Equipt have been assisting North West Training crane technicians with the servicing, maintenance and breakdown of 250T Kobelco and 25T Franna currently located at Woodside – King Bay Supply Base, over the past 2 years. North West Training & Inspection Services are currently fulfilling a 6 year contract of which Lift Equipt would like to continue through this new contract.
