SCREW PILING

COMPANY PROFILE

Instant

SCREW PILING

Instant Screw Piling is an Industry Leading specialist screw piling company.

For the past 20 years, we have been providing a full design, supply and installation of screw pile solutions for commercial and residential projects.

Our experienced team have the skills and expertise to carry out large or small screw piling projects from design through to installation, on time and within budget.

Recent projects completed include UQ Gatton Solar Farm, Santos K128 Fairview Project, QCLNG Export Pipeline, Narrows Crossing, Powerlink Transmission Towers and Pindara Hospital extension together with shade structures, boardwalks, underpinning, tension anchors and demountable buildings.

Instant Screw Piles are suited for situations requiring compression and/or tension loads. Benefits include the speed of operation, quiet and vibration free installation and do not require soil to be removed from site.

All pile designs are verified by independent design engineers. Our piles are custom made under a quality assurance system.

All our installations are certified and we are a NCOP code compliant company.

Visit our website or e-mail us for a personal consultation to discuss your piling solutions – info@piling.com.au – www.piling.com.au
