

Business Capability Statement

**Traffic Control Services, Traffic Equipment hire, Gate keepers, Crane
Operator's & Dogmen, Tower Cranes**

COMBINED TRAFFIC SOLUTIONS Pty Ltd

COMBINED TRAFFIC SOLUTIONS (**TRAFFIC CONTROL**) was established by Dre Nelson, Sudheer Reddy and Rick Nelson specializing in Traffic Control Services throughout NSW, QLD, and ACT. We have been engaged in the Traffic Control industry for over 15 years. Over the past 15 years, we have supplied and serviced John Holland, Laing O'Rourke, Lendlease on a number of projects with great success.

COMBINED TRAFFIC SOLUTIONS has also a division which can supply Crane operators and dogmen to assist the clients with their operational requirements.

COMBINED TRAFFIC SOLUTIONS has partnered with STRICTLY CRANES which we have found beneficial and convenient for our client's, and we are able to supply a number of services creating a one-stop-shop for the construction industry. Strictly cranes are a team of highly skilled, fully certified, and dedicated specialists with a combined 20 years' experience in the tower crane industry. They offer a large range of products and services to suit all client's project's needs. Strictly cranes are the exclusive agent of European tower cranes manufacturer Raimondi Cranes, who are renowned for their designs, innovation, and state of the art technology. They ensure every effort is made to provide versatile machines with enhanced performance and the optimal balance between safety, efficiency, quality, and durability, at a competitive price.

We develop Safe Work Method Statements (SWMS) with our staff to minimize risk and ensure compliance with Work Health and Safety Act 2011 and Work Health and Safety Regulation 2011.

We refer particularly to Chapter 6, section 291 (High-Risk construction work) and section 299 (SWMS), ISO 31000 – Risk Management and applicable Work Health and Safety codes of practice.

COMBINED TRAFFIC SOLUTIONS has been set up and designed for the construction industry, our primary focus is the construction industry supplying a quality service to our clients.

Over the past 15 years Dre Nelson, Sudheer Reddy and Rick Nelson has supplied services with great success and high Client Retention Ratio to some of Australia's biggest companies including John Holland, Laing O'Rourke, Lendlease, CPB Contractors, Richard Crookes Constructions, Hansen-yuncken, and a number of smaller construction companies and local councils.

At COMBINED TRAFFIC SOLUTIONS, we have a range of highly developed reporting systems that are tailored to clients based on many variables when we assume a contract. We work with our clients to ensure reports are business centric, useful and easy to micromanage. Not a single reporting system fits all scenarios in and that's why we have a range of reporting platforms to offer clients which we have mastered over the years and can deliver this in real time and with value-added functions. These includes:

- ✓ Trackforce for large clients with multiple locations and requirements
- ✓ Zoho for medium clients with single reporting system and standalone sites
- ✓ iauditor for clients with wide cross service demands like shopping centres.
- ✓ QR Code Scan for clients with large foot coverage and geometric fencing capability
- ✓ Envato for clients with pre- shift and post shift requirements especially visual reporting

COMBINED TRAFFIC SOLUTIONS Quality Management System

At COMBINED TRAFFIC SOLUTIONS, we have a robust independently certified Quality Management System (QMS). We are also independently audited and vetted by Cm3. This is to ensure clients and employees are guided by best and quality industry practices and WHS guidelines. We have a:

- ✓ Workplace Health and Safety (WHS) System
- ✓ Environmental Management System

- ✓ Employee Management Policy (EEO and Fair Work Guidelines)
- ✓ Emergency Management System
- ✓ Quality Management System
- ✓ Sustainable Management Plan

COMBINED TRAFFIC SOLUTIONS Workplace Training

COMBINED TRAFFIC SOLUTIONS has a long-standing partnership with number of RTOs to provide specific training in targeted fields or demograph-specific locations to ease issues centric to quality and consistent labour mobility. This partnership provides the platform to train, recruit and directly employ high achieving and motivated staff so we can deliver quality service consistently to clients. This cross-pollinated training and employment model also positions our company to mobilize staff anywhere around NSW QLD and ACT within a short timeframe which we have done with great success in the past.

COMBINED TRAFFIC SOLUTIONS Compliance

We take compliance very seriously at COMBINED TRAFFIC SOLUTIONS Pty Ltd and have been independently vetted and pre-qualified by Cm3 to be able to deliver a quality service without safety compromises to date. Our aim is to evolve and adapt to every client and site requirements. We are fully compliant with below:

- ✓ Work Health and Safety Acts and Regulations
- ✓ Environmental Act
- ✓ National Code of Practice for the Construction Industry
- ✓ Fair Work Australia Act
- ✓ Work Cover Act
