

## LETTER OF INTRODUCTION

Dear Sir/Madam

Sort It Water Treatment Services Pty Ltd (SIWTS) offers efficient and cost effective solutions to future and current Water and Waste Water Treatment Plants. In brief the services that SIWTS can offer are as follows:

- Electrical, hydraulic and process design.
- PLC / HMI / SCADA Automation.
- Programmed services with qualified technicians.
- Transportable Sewage and Potable Hire Plants
- Electrical instrumentation loop test / verification / calibration.
- Supply of spare parts, test equipment & biological agents / chemical products.
- Chemical & process engineering consultancy for analytic review of all laboratory testing.

As Operations Manager of Sort It Water Treatment Services P/L I am committed to providing services to existing and future clients in a professional and reliable manner whilst focusing on system design, plant performance and test conformity.

Regular servicing of your plant is beneficial in reducing operational and environmental costs while also enabling the proactive capture of unforeseeable, and often costly, problems that may occur between visits.

Our Service Manager, Leisa, is fully dedicated to supporting our clients, supplying scheduled and cost effective servicing enabling your plant to be working at its optimum.

Specialised technicians attending to your plant will provide professional design, maintenance and installation methodology.

I am committed to building strong relationships with our clients and would like to discuss a scheduled proposal, specifically tailored to your needs.

If you have any queries or questions please contact me. I welcome the opportunity to understand your requirements and situation.

Yours Sincerely

David Schatz

Operations Manager
