

COMPANY OVERVIEW

CONSOLIDATED GROUP OF COMPANIES

DIVERSIFIED & RESPONSIVE
SERVICES FOCUSED ON SAFETY,
SYSTEMS AND TRAINING.

Consolidated GROUP OF COMPANIES

About

For over a decade, Consolidated Group of Companies has provided services to the Western Australian civil, mine, and transport sectors. We prioritize our clients' needs by providing them with high-quality equipment and project solutions.

Our primary focus is to deliver safe, cost-effective solutions that meet our clients' specific requirements. Our service offering extends beyond standard contractor services, ensuring our clients trust us as their on-site partner, delivering long-term outcomes and sustainable efficiency. Our success in executing project solutions has led to company growth, and we now have depots in Port Hedland, Bunbury and Perth. EK Contracting is our Traditional Nyamal Indigenous-owned and operated business advocating for Indigenous engagement.

Our Beliefs

WE TAKE OWNERSHIP & FIND SOLUTIONS

We believe in transparency and problem-solving

WE ARE OPEN AND ADAPTABLE

We believe diversity reduces risk

WE LOOK FOR BETTER WAYS

We believe in evolving to stay ahead

WE KEEP LEARNING

We believe training underpins retention

WE TAKE PRIDE

We believe our brand is our people and assets

WE WORK TOGETHER

We believe working collaboratively drives success

We supply earthmoving, transport, and other mobile equipment solutions all over WA.

INDUSTRIES WE SERVE

MINE

We specialize in mine services across Western Australia. Our experienced managers, supervisors, HSE Advisors, and Engineers ensure safety and enhanced productivity and provide specialized mine management solutions.

Our broad services allow us to deliver cost-effective outcomes where scopes of work require a multi-disciplinary approach.

CIVIL

Our team of skilled civil engineers can successfully deliver a wide range of projects, including roads, bulk and detailed earthworks, as well as energy and resource projects. At Consolidated Group, we value collaboration with our clients to ensure shared success, safety and quality. We have extensive experience in quality management and understand the complexities of our clients' needs. structure.

TRANSPORT

Our team's expertise in specialised haulage provides reliable and safe transport solutions for clients.

We focus on enabling large-scale transport setups that promote a sustainable future.

We are a fully accredited transport organisation with experience in small- to large-scale transport-based works.

Services: wet hire, mechanical, transport, training

LEADERSHIP TEAM

FOUNDER & DIRECTOR THEO TSORVAS

When Theo was 24 years old, he founded Consolidated Group. With his leadership and experience in the mining and civil industry, he has helped the business grow into a diverse, multi-disciplinary enterprise. Theo brings a wealth of executive-level experience and is currently responsible for all operational and profitability-related activities across all business entities.

MINE DIRECTOR KATE TSORVAS

Kate holds a Bachelor of Education degree, as well as Certificates IV in HSE, Civil Supervision, and Training and Assessing. She utilizes her diverse skill set to oversee the mining division, ensuring the delivery and commissioning of large-scale mine services to reputable companies. Kate's key strengths lie in client engagement and business development.

TRANSPORT DIRECTOR VARNANA SELAVAYAHAM

Varnan is from Sri Lanka and is a self-taught business leader. He specializes in quality management and is responsible for overseeing the group's transport performance. His duties include ensuring the safety of our personnel, providing guidance to our transport supervision and logistic teams, and obtaining client approval for our transportation services.

INDIGENOUS ENGAGEMENT DIRECTOR GLENN RUSH

Glenn is a motivated and experienced mine professional and Traditional Nyamal Owner. He has lived and worked in the Pilbara for large mining companies for over a decade. His leadership skills ensure that the group advocates for meaningful Indigenous career advancement and training opportunities. Glenn is responsible for the Port Hedland operations, which offer project management, mentoring, and Indigenous engagement. He was the first Indigenous person to run a marathon in Antarctica and channel this same dedication into EK Contracting.

GENERAL MANAGER PETER SCRIVENER

Peter's career has included professional banking, civil operations management, and human resources solutions. His extensive experience in the resource industry across all facets of large-scale, multi-disciplined projects ensures that he is highly capable of managing the daily operations of the group.

SALES MANAGER DAVID IDEL

David's 35 years of experience leading construction projects for large corporations in multiple countries ensures Consolidated exceeds your project solution requirements. He is responsible for the groups customer satisfaction on project solutions working collaboratively to ensure shared success.

FINANCE MANAGER SUMIT GAUTAM

Sumit provides technical and financial input and forecasting for projects. He is a qualified accountant with over a decade of experience. Sumit is responsible for forecasting, financial management and monitoring.

MAINTENANCE MANAGER DANIEL VADALA

Daniel is a seasoned and results oriented General Manager with about 25 years of experience in the Mobile Equipment Maintenance and Mining industries. Daniel has exceptional skills with a commitment to continuous improvement and innovation to meet evolving industry demands.

PILBARA OPERATIONS MANAGER ROB SCOTT

Rob is an experienced manager who has worked for leading service providers to customers. Rob has over 30 years of experience within the civil engineering, road and airfield construction sectors across a broad spectrum of critical infrastructure maintenance and new build projects.
