- Earthworks, civil construction and revetments
- In-house civil engineers, supervisors and PMs
- R3 B1 F50 pre-qualification
- More than 300km roads built since 2015

- Fleet of more than 80 heavy vehicles
- Multiple configurations available for external hire
- TruckSafe accredited

PLANT HIRE

- More than 70 heavy equipment items for hire
- Dozers, graders, loaders, excavators and more
- 'Dry' or 'wet' hire plus mobile maintenance

MORE THAN 100 YEARS OF *#buildingcommunities*

- Company established in 1916

- Australian family-owned and operated

- Workforce of more than 260 people

- Illawarra-based, servicing Sydney and beyond

- Externally accredited for safety, quality and environment, FSC accreditation

- Vast portfolio of public / private projects delivered on time and to budget

- Industry awards for excellence in quality, safety and environmental management

- Significant contributor to local community sport and organisations

Since being founded, **Cleary Bros** has played an influential role in the shaping of the skylines and suburbs of the Illawarra and South Coast regions.

A provider of materials and logistics with the expertise to effectively manage construction projects and the equipment to do the job, 'CB' delivers for our clients.

Our organisation proudly combines its family origins and the associated personal touch with the capability of a progressive corporate organisation.

The results speak for themselves - we're sought after by Government and private firms across Australia tasked with creating infrastructure both locally and further afield.

Our core values of safety, respect for the environment, belief in our people, integrity and contribution to our community ensures CB makes its mark wherever we work.

We see opportunities where others do not, with strong growth underway within and outside our home region.

**Cleary Bros - #buildingcommunities
for today and tomorrow.**
